SUBJECT:- WAR COSTS SURCHARGE.

Dear Sirs/Sir,

I am to refer to your letter (1) No.11.B/159-44, dated the 16th July 1944, and (2) — 1st August 1944,* (3) — 1st August 1944,* (4) — 1st August 1944,*

* addressed to the Electrical Engineer to Government.

to state that since you have failed to submit the declaration regarding War Costs Surcharge within the period prescribed by clause 3(1) of the Bombay Electricity Supply (Licensed Undertakings' War Costs) Order, 1941, i.e., by the 15th July 1944, no War Costs Surcharge can be fixed in respect of your undertaking under the provisions of that Order as it stands at present.

2. In pursuance of clause 7 of the Order mentioned above Government Order No.6041/36, dated the 11th March 1943 has been cancelled with effect from the 15th August 1944. No surcharge can therefore be levied by you under Government Order No.6041/36, dated the 11th March 1943, with effect from the 15th August 1944.

Yours faithfully,

U.N.Pandit,
Deputy Secretary to the Government of Bombay,
Public Works Department.

Copy of letter [redacted] dated the 4th January 1945 from M/s. Manvi Brothers, Gadag, addressed to the Electrical Engineer to Government, Public Works Department, Bombay, regarding - War-Costs [redacted] Surcharge.

" As required by Government, P.W.D. letter No.6331/36-El, of the 23rd December 1944, we submit herewith a fresh declaration regarding the War-Cost Surcharge in accordance with clause 3(1) of the Bombay Electricity Supply (Licensed undertakings' War Costs) order, 1944 in respect of our three Electrical undertakings i.e. Byadgi, Ranebennur and Haveri;-

(1) We declare that the War Costs surcharge in terms of the above order is desirable in the case of our above concerns and also declare the rate of War Costs surcharge of atleast 40% is deemed desirable.

(2) The relevant calculations in respect of the three concerns showing how the rates have been arrived at are enclosed.

(3) We certify that the aforesaid calculations are correct to the best of our knowledge and [redacted] belief.

(4) We consider that Government should waive the excution of the undertakings set out in the second schedule to the order for the reasons that our respective concerns being too small for being assessed to excess profit tax having regard to their financial position which can be readily ascertained by reference to the Audit report on the accounts of respective concerns last Audited.

It is requested that very early issue fixing the War costs Surcharge in the case of our undertakings may please be issued.

Original in 7042/36.

Date 4th June, *194* 5.

To,

The Deputy Secretary to the Government of Bombay,
Public Works Department, Bombay.

Subject :- Haveri Electric License 1940, War Costs Surcharge.

Sir,

pp. 28-29

We are in receipt of your letter No.7044/36 EL dated the 8th May 1945 & have to inform you that prior to 5-5-1943 when we acquired the Haveri Electrical undertaking by purchase, it was simply a sanction under section 28 of the I.E.Act 1910, which was converted into a regular license under section 3 of that Act with effect from 30-4-1940. The maintenance materials cost per unit generated in 1940-41 viz., .39 anna has been ther-e-fore assumed as the cost for the year 1938-39 for the purposes of the War Costs Surcharge. The information required by Govt., showing how the figures referred to in your letter are arrived at is given below :-

(1) The amount of Rs.3033/- claimed on account of reduction in revenue on account of restrictions imposed in the years 1943-44 & 1944-45 is arrived at as under :-

The units sold in 1940-41 i.e., prior to the restriction order & when the undertaking was operating in full were 28874 against the no. of units sold in 1942-43 viz, 19167 i.e., after the restrictions came into force. Therefore the difference of 9707 units (28874-19167) shows the fall in the no.of units sold on account of restrictions which when calculated at the rate of annas 5/- per unit, being the price obtained per unit in 1942-43 works out the cost of 9707 x 5 as.= Rs.3033/-.

This figure is adopted as the estimated cost for the year 1944-45 as well, as there has been no scope for further development of load in Haveri.

(11) The maintenance materials cost of .390 anna per unit for 1938-39 is the same as for the year 1940-41 as explained in the preceding portion of this letter.

The maintenance cost per unit generated in 1943-44 viz., 1.327 is as shown in the account for that year as were audited & accepted by Govt.

As regards the maintenance materials cost of 1.900 annas per unit generated in 1944-45, it is estimated on the basis of 20000 units to be generated in 1944-45, the cost maintenance materials being assumed as Rs.1586/- being the cost of maintenance materials during 1943-44 plus Rs.800/- anticipated to be incurred for repairs of the engines in 1944-45 i.e., 2375/- approximately. Therefore the figure of 1.900 annas comes as under :-

$$\frac{\text{Rs.2375 x 16}}{20000} = 1.9 \text{ annas per unit generated.}$$

P.T.O.

7044/36

We hope the above information would serve the purpose & in case any further details be necessary, we would be very glad to furnish the same on hearing from you.

Yours faithfully,
For Manvi Brothers Gadag.

MANVI BROTHERS.

Electric Light & Power Suppliers. GADAG.

Dist:- DHARWAR.

Head office :- GADAG. *Branches:-* RANEBENNUR & BYADGI.

Date 194

I, Sidramappa Andanappa Manvi, proprietor of Messrs. Manvi Brothers and Licensee, the Haveri Electric License 1940, hereby declare —

(a) that if at any time my undertaking is assessed to Excess Profits Tax in any chargeable accounting period ending subsequent to the date of War Cost Surcharge is first fixed under the Bombay Electricity Supply (Licensed Undertakings' War Costs) Order, 1944, then the amount of the Excess Profit, after deduction of Taxation due thereon, will be recorded and I will specially reduce the charges for the supply of energy so as to result in an estimated reduction of gross revenue by an approximately equivalent amount during the next succeeding two Accounting Periods following upon the completion of the relative assessment.

Alternatively, if the Government and I agree that such a special reduction of the charges for the supply of energy would, on account of other factors, result only in a temporary variation, or that the reduction would be negligible, the recorded amount will be placed by me to a Reseve to be called the "Rates Stabilisation Reserve" and this reserve will be taken fully and fairly into account in determining the magnitude of any subsequent revision of War Cost Surcharges or Charges for supply of energy whether upwards or downwards.

(b) that if at any time during the enforcement of the taxation provisions of the Excess Profits Tax Act, 1940, my Undertaking in any Accounting Period ending subsequent to the date of War Cost Surcharge is first fixed under the aforesaid Order, earns profits exceeding 7 per cent of the average amount of Capital employed in the business during the period, then the amount of the excess, after deducting any smaller amount recorded or set aside to Reserve in terms of clause (a) of this Undertaking and the taxation due on such excess, will be taken into account to reduce the charges for supply of energy or be set to the "Rates Stabilisation Reserve" in the same manner and on the same terms as are set out in the said Clause (a).

P.T.O

Subject:- Levy of surcharge by electrical Supply Co. Haveri Municipality.

No. of 1943-44.
Haveri, 20-2-1944.

From,

M.C.Kulkarni Esqr. B.A.LL.B.
President, Municipality, Haveri.

To,

The Deputy Secretary to the Government of Bombay,.
Public Works Department.

Sir,

I have the honour to enclose herewith a copy of the General Committee's Resolution No. 95 dated 13-2-1944 regarding the surcharge rate demanded by the electrical Co. from the Municipality and to state as under:-

(1) The Haveri Municipality in the Dharwar District contracted with the electrical Co. in 1935 for the supply of electrical energy to Municipality's street lightings, which terminated at the end of 1941 after a period of 7 years. According to the conditions the Municipality were to pay at the rate of 0-8-0 a unit of energy consumed. After the termination of the contract no fresh agreement or contract was made with the Co. but the Municipality with the consent of the Co. has continued to pay the rate of 0-8-0 a unit, both parties intending to make a final agreement after the termination of the war.

(2) Now the present proprietor Messrs. Nanvi Brs. of Gadag ask us to pay the maximum surcharge rate of 33 1/3% over the old rate of 0-5-0 a unit. But the Municipality is prepared to pay 20% of the surcharge rate over the rate of 0-5-0 a unit for the following reasons.

(1) The three engins which are 18.12.& 9 H.P. are very small and old ones and often times~~fail~~ fail. Only very recently on 18-2-1944 the engine having 18 H.P. has gone out of order with the result that there will be no street lights for a time. We have several previous instiances of the nature cited above. The engines being too small and old ones, they do not carry sufficient load of street lights and house connections both simultaneously with proper voltage, the result is the lights become dim,as the energy is being supplied by D.C. Current

(3) In this connection, I would like to bring to your kind notice that the same licensee is sypplying electrical energy to Byadgi Municipality a town 9 miles away from Haveri. Byadgi is smaller than Haveri and has less number of lights. There the Municipality has resolved to pay 33 1/3% over the agreed rate of 0-4-0 a unit which works a total~~a total~~ of 0-6-0 a unit. The power house at Byadgi was installed 5 years back with new engines of 80 H.P. and better equipment. At Byadgi there is A.C.current and lights are regular and give better light. Here also as in Byadgi the power house is working under restricted hours. In the circumstances, the licensee has aggreed to accept 33 1/3 % at Byadgi over the rate of 0-4-0 a unit which means as I have mentioned above 0-6-0 a unit in total. In the circumstances, I do not see any reason why the licensee should not accept a reasonable surcharge rate of 20% offered by the Municipality over the rate of 0-5-0 a unit for the reasons given above.

(4) The licensee has requested the Municipality to seek your advice in the matter, as he says,he will agree to accept the terms advised by you in the matter. Hence, I have made this reference to you with a request that you will kindly advise us in the matter.

(5) Copy of the G.C.R.No.95 dated 13-2-1944 is enclosed in triplicate.

Your obedient servant,

President,
Haveri Municipality.

Submitted through the Collector, Dharwar.

Copy of the General Committee's Resolution No.95 dated 13-2-1944 of the Haveri Municipality.

---0---

Subject.	Resolution.
(95) To consider the correspondence regarding the surcharge rate of 33 1/3% demanded by the electrical Co. Haveri.	On personal interview with the licensee's local manager, it is resolved that a reference should be made to the Deputy Secretary to the Govt. of Bombay P.W-D. for advice in the matter giving full details of the matter and then after receiving the advice, the matter should be placed before the general body and the licensee aggree to the proposal.

Subject:-Levy of surcharge by electrical Supply Company Haveri Municipality.

No.Mun/Hr. 620
Dharwar, 29-2-44.

To

The President,Haveri Municipality.

Ref:-Your letter No.635 of 2/21-2-44.

The Deputy Secretary to the Government of Bombay P.W.D. has already advised all the Electrical licensees in general to levy surcharge as far as possible at a rate lower than the maximum rate of 33 1/3 % in the mutual interest of themselves and the consumers,(vide para (1) of his letter No.6041/B & El. of 29-9-43) It is therefore not necessary to refer the matter again for his advice. If the Company really means to grant some concession in the matter of levy of surcharge, it is competent to do so without consulting anybody. If however, the Company still persists to obtain the advice of the Deputy Secretary,it should be asked to give an agreement in writing to the effect that it will abide by the decision of the Deputy Secretary to be taken in this respect.
